

Our products suitable for producing organic wine

Organic products have a long tradition at Erbslöh. Oenoferm® Bio Selection Klingelberg was the first organically produced yeast on the market. Certified organic products have been consistently cultivated at Erbslöh since 2008.

They fulfil the highest standards in terms of sustainability, quality, safety and purity. Many of our non-certified products can also be used for the preparation of organic products. Further information and the organic certificate (DE-ÖKO-003) can be found at www.erbsloeh.com

	Description	Bio-UE 2018/848	Organic certificate
Yeasts			
Oenoferm® BeRed	Certified organic red wine yeast	•	•
Oenoferm® Bio	Certified organic dried cultured yeast	•	•
Oenoferm®-Hefen	Cultured yeasts	•	

Nutrients

e.DAP	Diammonium phosphate	•	
OenoRed®	Pure yeast autolysate	•	
PuroCell®	Yeast cell wall preparation	•	
PuroCell® Bio	Certified organic yeast cell wall preparation	•	•
VitaDrive®	Yeast rehydration nutrient	•	
VitaDrive® ProArom	Organic nutrient	•	
VitaFerm®	Base nutrient with inactive yeast	•	
VitaFerm® Bio	Certified organic yeast nutrient	•	•
VitaFerm® O	100% organic yeast nutrient	•	
VitaFerm® Ultra	Multi-nutrient complex	•	
Vitamon® B, CE	Yeast nutrients	•	
Vitamon® Combi		•	
Vitamon® Liquid	Liquid yeast nutrient	•	

Enzymes

Trenolin® 4000	Pectolytic enzyme preparation	•	
Trenolin® Color	Fine granulate	•	
Trenolin® FastFlow	Liquid special enzyme	•	
Trenolin® Flo ^{PLUS}	Liquid flotation enzyme	•	
Trenolin® Frio	Liquid, pectinase-free enzyme	•	
Trenolin® Klar	Clarifying enzyme		
Trenolin® Opti	Pressing and fining enzyme	•	
Trenolin® Pexx	Liquid, pectolytic enzyme	•	
Trenolin® Rosé	Press enzyme for reduced colour extraction	•	
Trenolin® Rot	Liquid, pectolytic enzyme preparation	•	
Trenolin® Super ^{PLUS}	Highly active, liquid pectinase	•	
Trenolin® Xtract	Liquid red wine enzyme	•	

Description	Bio-UE 2018/848	Organic certificate
-------------	--------------------	------------------------

Fining

CompactLees	Riddling aid	•	
Degustin	Mineral-based treatment agent	•	
e.IsingClair	Isinglass gel	•	
ErbiGel® Bio	Organic edible gelatine	•	•
Gerbinol® Super	Combined treatment agent	•	
KalCasin	Casein fining agent	•	
KlarSol 30	Alkaline silica sol	•	
KlarSol Super	Acid silica sol	•	
LittoFresh® Bright	Natural alternative to PVPP	•	
LittoFresh® Impact	Vegan combined product	•	
LittoFresh® Liquid	Liquid plant protein	•	
LittoFresh® Origin	Pure phytoprotein	•	
LittoFresh® Sense	Plant-based organoleptic product	•	
VinPur® Special	Paracasein compound	•	

Bentonite

Aktivit	High-quality calcium-sodium bentonite granulate	•	
BlancoBent UF	Sodium bentonite for ultrafiltration	•	
CaGranulat	Granulated calcium bentonite	•	
FermoBent® PORE-TEC	Must bentonite	•	
GranuBent PORE-TEC	Sodium-bentonite with PORE-TEChnology	•	
NaCalit® PORE-TEC	Granulated sodium-calcium bentonite	•	
Seporit PORE-TEC	Granulated calcium bentonite	•	
SodiBent Supra	Sodium bentonite	•	
UltraBent PORE-TEC UF	High purity, granulated sodium-calcium bentonite	•	

Oak alternatives

e.Bois® products	Oak chips	•	
e.Staves products	Oak staves	•	
e.Sticks products	Oak sticks	•	

Tannins

Tannivin® EH	Oenological tannins	•	
Tannivin® Elevage		•	
Tannivin® Finesse		•	
Tannivin® Galléol		•	
Tannivin® Grape		•	
Tannivin® Intense			
Tannivin® Multi		•	
Tannivin® Premium		•	
Tannivin® SR		•	
Tannivin® Superb		•	

Description	Bio-UE 2018/848	Organic certificate
-------------	--------------------	------------------------

Activated carbon

Akticol FA	Powdered activated charcoal	•	
CarboTec GE	Activated charcoal pellets	•	
Ercarbon SH	Powdered activated charcoal	•	
Granucol®	Special adsorption granulate	•	

MLF

MaloStar® Fresh SK55™	Lactic acid bacteria	•	
MaloStar® Fruit		•	
MaloStar® Terra		•	
MaloStar® Vitale SK11™		•	

Stabilisation

HydroGum Bio	Organic quality liquid gum arabic	•	•
MannoComplexe	Pure mannoprotein	•	
MannoFine	Liquid mannoprotein	•	
MannoPure®	Liquid mannoprotein	•	
Metavin® 40	Gentle esterified metatartaric acid	•	
Metavin® Opti	Optimum esterified metatartaric acid	•	
KaliContact	Specially prepared tartar crystal nuclei	•	
Kupzit®	Copper citrate preparation	•	

Sulphur products

Kadifit	Pure potassium disulphite	•	
Oenodose 5	Effervescent sulphur tablets	•	
Solution sulfureuse P15	Potassium bisulphite solution	•	
VinProtect	Special product composed of potassium disulphite, vitamin C and tannin	•	

Acidity Management

Boerovin	Liquid lactic acid	•	
e.Ascorbic	Vitamin C	•	
Erbslöh Kalk	Calcium carbonate	•	
e.Tartaric	Natural tartaric acid	•	
Kalinat	Potassium bicarbonate	•	

Filtration

CelluFluxx® products	Pure cellulose-based filtration aid	•	
Dicalite Perlite	Filtration aid	•	
Dicalite Kieselgur	Filtration aid	•	
TrubEx	Special cellulose	•	
VarioFluxx® P/F	Filtration aid - mixed product	•
